PATENT APPLICATION #9
Navy Case No. 83682a

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

In re application of: Scribner

Serial Number 10/061,413

Examiner: Scott Getzow

Filed: February 4, 2002

Group Art Unit 3762

For: MICROELECTRONIC STIMULATOR ARRAY

RESPONSE TO OFFICE ACTION
UNDER 37 C.F.R. SECTION 1.111

Commissioner of Patents and Trademarks
Washington, D.C. 20231

Sir:

The U.S. Navy hereby responds to the Examiner's office action mailed May 14, 2003. As indicated in the office action, claims 5—8 are pending in the application, and claims 5—8 have been rejected under the nonstatutory double patenting rejection. This response will now obviate that rejection.

Remarks/Arguments begin on page 2 of this paper.
